

XX Jira Sprint 13 Notes  
See Special note at bottom of

-----  
2/4/16  
Trying to test out 731 additions to make pay form.  
Right now looking at editing a new user, or trying...  
-----

Tickets are:  
873, 617, 852, 819A,  
513, 874, 853A, 855A,  
863, 829A, 851A  
Ones \*A are in qa at start of 13 1/25/16

Working these first. 1/25/16  
851 misalignment of cancel submit on small screens : looks fixed: This one will  
await final confirmation on where to test  
829 Where do I or when during the workflow do we encounter the payee detail  
header: I put a screen shot in ticket  
855 Proper size of the font in payee dropdown  
819: checked with a wide range of PR and IR char strings all working well

1/26/16  
853 13:12 Question out to Aniz. screen shot ?

Stories are

731 : Story Tests roughed out 1/26/16  
306 : Story Tests roughed out 1/26/16  
225 : Story Tests roughed out 1/26/16  
617 Working will finish 1/27/16

Should be copied elsewhere as well  
Special Note: A Jira entry that is of the wrong type: bug, story, test ! can be  
changed  
Early in the creation I was shown by E.P. to use the MORE dropdown selection  
and pick MOVE. this allows you to MOVE in place ( as if moving to diff proj )  
and reset the Type detail to TEST ! Saved! woot woot !
