Testing Notes:

1/19/16
so, I'm using the Jira query: MPAY and Sprint = "Sprint 12" And Status = Closed
Going through what is closed in this sprint so far. Mostly tasks for development. a couple of bugs for me.
Can see there are interesting things that have been done already for Schedule Pay, at a low level.
These tickets below are listed because of today, they are closed.
all the other Open tickets will get a comment from me before the end of the day (hopefully…..)

505 added asserts for testing Quartz
779 Jessie setup a message logging to file on a schedule : config file
780 New db fields. leads me to Falgu and the dbManagement tool Ip address or other configs….
ToDo !….Not done
783 payments obtain a lock on db. (field, row, table ?) area to test:….. ToDo !….NotDone
784 SOA Payment Submission: There's an area to test here….
785 Handle Response from SOA(?) There's somethi here to test as well : ToDo ! …..NotDone
788 Made a note to the description (discussed with Aniz as well) Her comment is specific to beta only
802 makes enters into the 788 discussion as well
810 Leads me to state: " I need a demo / Intro / something " ….ToDo!…NotDone
813 Wha is this saying ???
814 Question to Gary… How is this being tested ?   ….ToDo !…NotDone
815 Same Q as 814 ….ToDo !…NotDone
816 Test Point ….ToDo !…NotDone
817 this is my ticket(author) and I still need to write an automated test for this ….ToDo !…NotDone
823 Sams as 810 ….ToDo !…NotDone

Interesting items worthy of looking at , but not saying so here,
787, 804, 818, 821, 827,

Here is the list of what is != Closed in Sprint 12
107, 176, 462, 473, 513, 536, 537, 538, 544, 545, 613, 649, 731, 763bug, 806, 807, 812, 819Bug, 831, 833, 835, 836
----

mpay 397 Funding account numbers. no longer a user input in the pay form
by that I mean it's a user Pick from drop down.

MPAY 396

pay amount Leading zeros is ok….

payee act num is now a pick, sort code ?, pay amount scientific notation no longer works.

MPAY 396

----
end.
